Reading

Read the text and then do the exercises.

The Milwaukee Summerfest is the number one music festival in the world. It starts at the end of June and finishes at the beginning of July. Famous bands and singers, for example Alicia Keys and Destiny's Child, play at the festival. You can listen to all kinds of music – reggae, jazz, rock, and hip-hop. And there are also lots of shops and over 60 restaurants.

The first Summerfest was in 1968. The mayor of Milwaukee was in Germany for the famous Oktoberfest festival, and it was his idea to have the same kind of festival in Milwaukee. There were 35 bands and singers at the first Summerfest. At last year's festival there were 700 bands, and over a million people from 105 different countries!

38% of Milwaukee's population is German, so the festival is a great place to try eating German food. You can meet some very interesting people. Tommy Weissgerber has a beard and shoulder-length, black curly hair. He looks like a rock star, but then he picks up his saxophone and starts to play. Tommy is a classical musician and he plays beautifully. This year, I'm staying in the center of town for the festival and I'm enjoying the food, the people, and of course the fantastic music!
