

1. Read the text. How many drinks are there on the menu in a SONIC Drive-In?

My favorite restaurant

by Kevin

There are over 3,500 in the United States, and you need a car to go to ... a SONIC Drive-In! The food is amazing and it's a really cool place to go with friends. You can eat your food in your car or go home and eat it.

On the menu there's meat and chicken, but there isn't any fish. I like the chicken sandwich with cheese and salad. The bread is delicious! I also like the small peppers with lots of cheese. My little brother likes the kid's menu: he has a chicken sandwich too, an apple juice box, an apple, and a toy.

There are 398,929 drinks on the menu or you can make your own drink. I really like the strawberry shake. It's red, and it's very cold!
